UNKNOWN PLEASURES

UNKNOWN PLEASURES

CAPSULE COLLECTION

A journey that retraces the multifaceted sounds, full of ideas, indications, trends of the New Wave movement of the 80s, which in Italy became the search for a clean, sculpted, essential and clear line.

Unknown Pleasures leads into this complex universe, an indeterminate genre, full of a thousand streams, which finds its fundamental characteristic in the synthetic simplification of the approach.

The use of an essential formal lexicon consisting of a few elements, the executive rigor and the absence of decorations give life to geometrically defined objects, formed by the repetition and variation of primary elements, pure and simple shapes.

GIO PAGANI

SMOKED MIRROR

The easy years are over for everyone. You have to roll up your sleeves and do nice things. I have an enthusiasm that maybe I didn't even have when I started this job.

The search for harmony to create forms that tend to beauty. I don't believe in ostentatiously forced design. I believe that beauty is a matter of proportions, harmony, sinuosity and respect for memories that have lived there.

At the same time, I love to dress these shapes with that strong eclecticism that goes beyond the usual creative imagination. As if to seek disharmonic harmony, to give strength, to experiment, to dare.

Fashion does not die, it changes. And each of us must know how to renew itself.

CLEAR MIRROR

TECH SPECS

ATOMIC dining table is composed of a tempered mirror top coupled to a tempered glass slab, beveled on the lower side. The mirror top is fixed directly to the three asymmetrical legs, made with a wooden structure covered in tempered mirror.

ATOMIC dining table is available in clear, bronzed or smoked mirror.
